

## TIP-ON for TANDEM

### The new dimension in design: Handle-less furniture – opening with just a light touch

With TIP-ON for TANDEM, the new opening feature for handle-less furniture, you are assured of proven Blum quality and comfort for every area of the home. Just a light touch of the front opens drawers and pull-outs effortlessly. Handles are no longer required.

TIP-ON can be combined with TANDEM full and single extensions without BLUMOTION. Assembly of all TIP-ON components is tool-free.

With its integrated depth adjustment feature, you can set the depth position of the front exactly – even with pre-attached drawers.

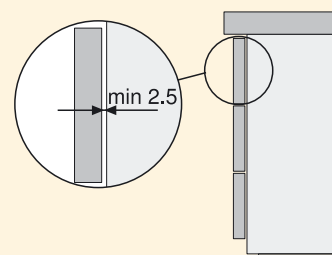

It is also possible to construct furniture with the lowest gap measurements. Even a front gap of 2.5 mm is enough to ensure that TIP-ON functions the way it's supposed to.

The reliable TIP-ON function can be used in conjunction with minimal gaps.

A light touch on the front is all that's required to open the pull-out.

Even a min. front gap of 2.5 mm is enough.
